

The background of the page is a solid purple color. Overlaid on this is a large, white, abstract geometric shape that resembles a stylized 'X' or a four-pointed star with rounded corners. The shape is composed of several interconnected curved and straight lines, creating a sense of movement and depth. The text 'Bring your stand to life....' is written in a clean, white, sans-serif font, positioned on the left side of the page, partially overlapping the purple background and the white geometric shape.

Bring your stand
to life....

.....With one of our modular exhibition stands.

At Xhibit we specialize in the design and construction of modular exhibition stands. Using our versatile system consisting of aluminum extrusions we create innovative designs at exceptional prices.

Use this brochure to chose one of our standard designs with relating cost structures, so you can pick an eye catching modular stand at a price that suits your budget, safe in the knowledge that there are no added extras.

If you are after something a little more bespoke, we offer a free design service to help you create a design that meets your specific event requirements.
