

# Panel & Pole Shell Scheme Information

Our Panel & Pole system is a modular shell scheme consisting of Velcro compatible royal blue loop nylon panels linked by clipping onto a pole between panels.

## Enhancing your Shell Scheme Stand

Your Xhibit shell scheme stand can be enhanced with a range of optional features to create the perfect environment for displaying your products or services

Stands can be transformed to reflect your complete corporate identity by changing the colour of your wall panels or even integrating digitally printed panels from your own creative artwork.

**Please contact our office for more details.**

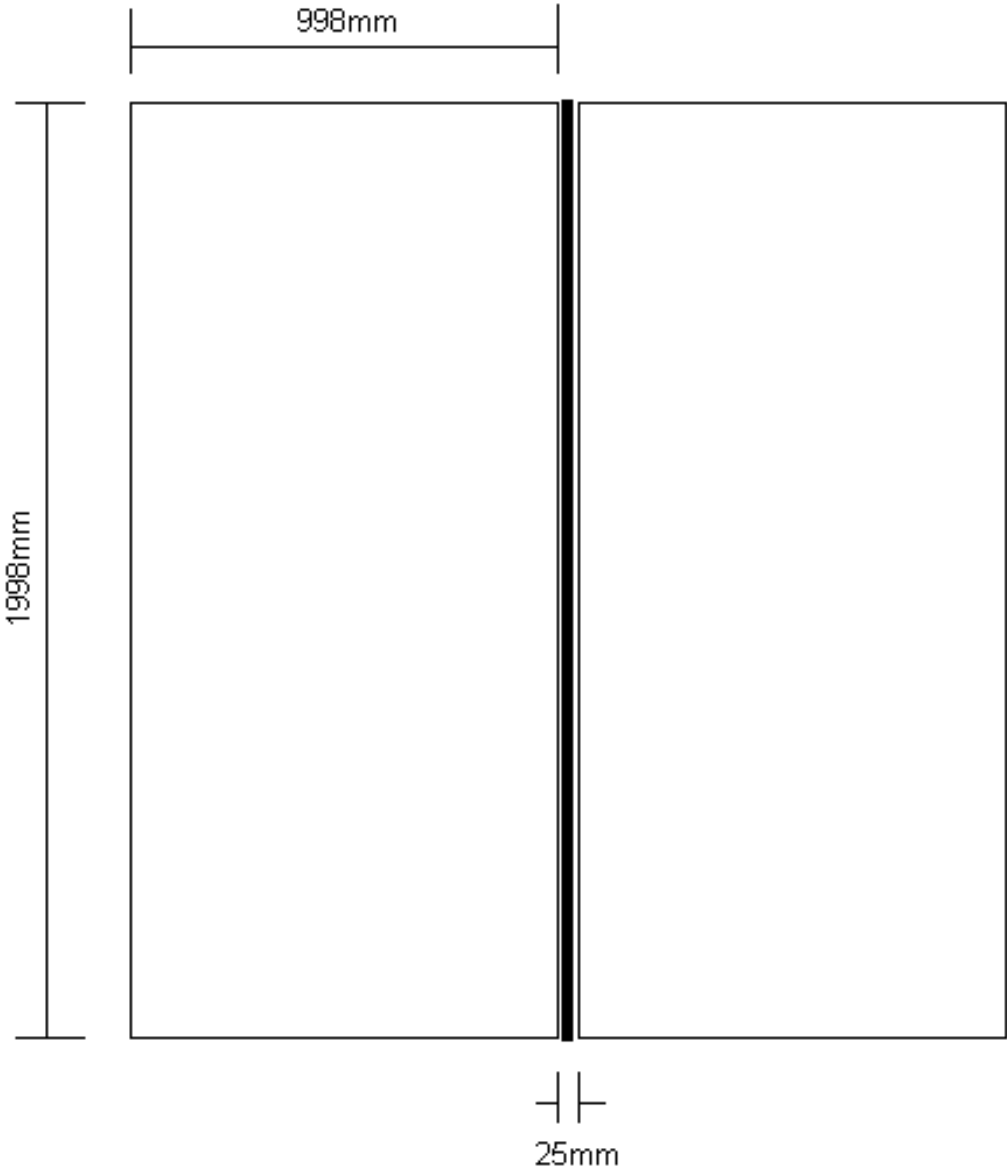

## Decorating and Displaying Items on your stand

Please observe the do's and don'ts associated with this system. Posters and display material can be attached to the panels of your shell scheme using hook Velcro pads or strips.

**No Staples, Nails, Screws or Tape should be used when decorating your stand.**

Any damage to the shell scheme system will result in a charge.

# Panel Dimensions

The image shows a 2m wall section in our panel and pole system.

The maximum display area of each 1m wall section is 998mm x 1998mm. Between each panel is a 25mm wide pole section.
